19th CII CORPORATE GOVERNANCE SUMMIT

Monday, 6 April 2026 | Mumbai

The dynamic business environment characterized by digital transformation, shifting stakeholder priorities and multifarious expectations from Boards are constantly redefining the Corporate Governance trends. Responsible use of AI, ESG integration, proactive risk management, stakeholder activism, regulatory developments, Artificial intelligence (AI) and analytics in governance, Board diversity and effectiveness, succession planning, role of independent directors, cybersecurity, data privacy and data governance – are all reshaping the Corporate Governance frameworks worldwide. This requires a realignment of strategies and policies by corporates seamlessly to enable them to become more resilient and adopt highest standards of governance. Against this backdrop and with a view to enable discussions on the latest global governance trends and disseminate best corporate governance practices followed internationally, **CII is organizing the 19th edition of the CII Corporate Governance Summit** curated as a Global Governance Exchange focusing on Corporate Governance Imperatives and Trends.
