Patient and Family Rights

Hope Hospital

Hope Hospital is committed to providing patient-centered care that respects the rights, dignity, and values of every patient and their family. The following rights are ensured to all patients receiving care at Hope Hospital:

1. Respect for Values, Beliefs, and Preferences

Patients have the right to receive care that respects their **personal values, beliefs, special preferences, cultural practices, and spiritual needs**, as long as these do not compromise patient safety or standard medical care.

2. Respect for Personal Dignity and Privacy

Patients have the right to be treated with **courtesy, respect, and dignity** at all times. Privacy is maintained during examinations, procedures, discussions, and care delivery.

3. Protection from Neglect and Abuse

Patients have the right to be **protected from all forms of neglect, abuse, exploitation, or harassment**, whether physical, verbal, emotional, or psychological.

4. Confidentiality of Patient Information

All patient information, including medical records, diagnosis, and treatment details, is kept **confidential**. Information is disclosed only with patient consent or as required by law.

5. Right to Refuse Treatment

Patients have the right to **refuse or discontinue treatment**, after being informed about the possible medical consequences of such refusal. This decision will be respected and documented.

6. Right to Seek an Additional Opinion

Patients have the right to **seek a second opinion** from another qualified medical professional, either within or outside the hospital.

7. Informed Consent

Patients have the right to **clear and complete information** before giving consent for any investigation, procedure, surgery, or treatment. Consent is obtained in a language and manner the patient understands.

8. Right to Complain and Seek Redressal

Patients and families have the right to **voice complaints or grievances** without fear of discrimination. Information regarding the complaint mechanism and contact details is made easily accessible.

9. Information on Expected Cost of Treatment

Patients have the right to receive **clear information on the expected cost of treatment**, including investigations, procedures, and hospital charges, to the extent possible.

10. Access to Clinical Records

Patients have the right to **access their clinical records**, including investigation reports and discharge summaries, as per hospital policy and applicable laws.

11. Information on Treating Doctor and Treatment Plan

Patients have the right to be informed about:

- The **name and designation of the treating doctor**
- The **diagnosis and proposed treatment plan**
- Expected benefits, risks, and possible complications
- Alternatives to treatment, if any
- Expected outcomes of care

Hope Hospital ensures that all staff members are trained and committed to upholding these patient and family rights at all times.
